## **DETAILED ACTION**

## Response to Amendment

1. Applicant's amendment and accompanying remarks filed 7/10/06 have been fully considered and entered. Claim 1 has been canceled and claim 3 has been amended as requested. Applicant's cancellation of claim 1 renders moot the prior art rejections set forth in section 5 of the last Office Action. As such, this rejection is hereby withdrawn. Applicant's amendment to claim 3 is found patently distinguishable over the prior art of record and claims 2-19 are found allowable for reasons set forth herein below.

## Terminal Disclaimer

2. The terminal disclaimer filed on 7/31/06 disclaiming the terminal portion of any patent granted on this application which would extend beyond the expiration date of 10/820,549 has been reviewed and is accepted. The terminal disclaimer has been recorded. As such, the obvious double patenting rejections set forth in section 3 of the last Office Action are hereby withdrawn.

## Allowable Subject Matter

3. The following is an examiner's statement of reasons for allowance: 2-19.

Claims 2-19 are found allowable since the prior art made of record fails to teach or fairly suggest the limitations set forth in claim 3 part c and claim 17 part c. An updated art search did not produce any substantial art for which to base a rejection and no motivation presently exists to form an obviousness type rejection.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue

Allowance."
